

“ Take a Piece of Paper..”

In Our Bush Home, that we love so much,
There are things we have to do.....,
When Summer Comes and the Weather's Hot,
Then there's Fire Danger too.....,

*You just take a piece of Paper,
write a little plan,
think about your safety,
Soon you'll have a Bushfire Survival Plan*

*Then you can share it with your Family,
Tell it to your friends,
Work it out together,
Soon you'll have a Bushfire Survival Plan*

You'll feel good with a safety plan,
Cos' you'll know just what to do,
In the summertime, if a fire's near,
then you'll know just what to do

*You just take a piece of Paper,
write a little plan,
think about your safety,
Soon you'll have a Bushfire Survival Plan*

*Then you can share it with your Family,
Tell it to your friends,
Work it out together,
Soon you'll have a Bushfire Survival Plan*

If you feel sad.....,
If you feel blue.....,
Remember this,
There is something you can do....
